INTRODUCTION

COUNTY OF ST. PAUL OVERVIEW

The County of St. Paul Strategic Plan includes several departments as shown below. Each department has an individual operational plan that is more detailed.

BIG PICTURE

The County collects a certain amount of tax dollars each year. Department strategic plans influence the allocation of these dollars, detailing the amount budgeted to each department. The County also applies for several operating and capital grants each year.

As per the M.G. A requirements we must do a 3 year operating, and 5 year capital budget. We plan to do a 5 year operating budget and 5 year capital budget.

OUR STAKEHOLDERS

Permanent Residents, Temporary Residents, Visitors, Seasonal Residents, and Landowners.

The County works in partnership with our rural and urban neighbors.

County of St. Paul council includes the reeve, and six councilors that represent the six districts within our municipality.

The County employs up to about 100 people located in the administrative office and the public works office and shop.

Agriculture Producers, Industry, Contractors and Small Business.

The County is surrounded by First Nation and Metis Settlements including: Good Fish, White Fish, Fishing Lake, Puskiakinwenin, Unipouheos, Kehewin, and Saddle Lake.

Students, Educators and Community volunteers.

The administrative office is also home to Family and Community Support Services and Alberta HUB.

Media: St. Paul Journal, Elk Point review, Lakeland Connect and Stingray Alberta.

EVALUATION

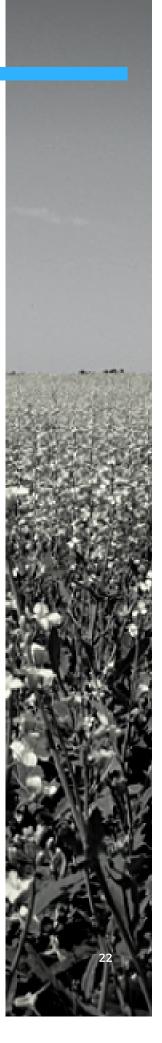

The County will include a summary of overall progress in implementing the plan based on the evaluation data collected using the strategic planning tool: SMART goals.

S.M.A.R.T. is the acronym used to develop measurable goals for an organization. This means that each goal, action or objective should be: Specific, Measurable, Achievable, Relevant, and Time - Bound.

This tool is helpful when planning ahead, and each action item should demonstrate alignment with the overarching mission, vision, values and goals of the organization.

Each description of the action will follow these criteria and if an action item does not meet at least four out of five of the requirements, it may need to be reconsidered.

The evaluation reports will be included in each individual operational plan.

SMART GOALS

Specific:

The action item is detailed, and answers the questions: who, what, where, when, why? And describes the results of the product. To ensure that an objective is specific, is to make it observable. Observable means that anyone can see or hear about the action being done.

Measurable:

The action item will describe how the County will know it has met expectations. And defines the objective using assessable tools, terms and standards. An objective with a quantity measurement uses terms of amount, percentages, etc. For example, a frequency measurement could be daily, weekly, 1 in 3. Or, an objective with a quality measurement would be done through a SWOT analysis, to assess the strengths, weaknesses, opportunities, and threats.

Achievable:

The action item answers the questions: "Can the person do it?" "Can the measurable objective be achieved by the person?" "Do they have the experience, knowledge or capability of fulfilling the expectation?"

Relevant:

The action item description answers the questions, "should it be done?" and "why?" and is the objective aligned with the County Communication Plan and the County Strategic Plan?

Time Bound:

Time-bound answers the question, "when will it be done?" It refers to the fact that an objective has end points and check points built into an achievable timeframe.
