

COUNTY OF ST. PAUL NO. 19

Our Mission - To create desirable rural experiences

PW-1 Texas Gates Policy

Department: Public Works

POLICY OBJECTIVE:

The County of St. Paul recognizes the need and convenience of installing approved Texas gates on road allowances to prevent livestock from entering roadways.

POLICY STATEMENTS:

1.0 General Matters

- 1.1 Location of a Texas gate on a County road allowance must receive prior approval from the Director of Public Works.
- 1.2 The minimum dimensions of the Texas gate shall be twenty-four (24) feet in width and eight (8) feet in length. Any variations from the above dimensions must receive approval from the Superintendent of Public Works.
- 1.3 The Texas gate material needs to be of a strength that is enough to meet the needs of the road traffic and as determined by the Director of Public Works.
- 1.4 The Texas gate shall be supplied and maintained by the landowner or applicant.
- 1.5 The Public Works Department will install or supervise the installation of the Texas gate and all costs will be paid by the landowner or applicant.

Council Approval: September 14, 2010
