#### INDEPENDENT AUDITOR'S REPORT

To the Members of County of St. Paul No. 19

#### Report on the Financial Statements

We have audited the accompanying financial statements of County of St. Paul No. 19, which comprise the statement of financial position as at December 31, 2011, and the statements of change in net financial assets, operations and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian generally accepted accounting principles, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independent Auditor's Report to the Members of County of St. Paul No. 19 (continued)

#### Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of County of St. Paul No. 19 as at December 31, 2011, and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

#### Other Matter

The financial statements of the prior period were audited by another firm of chartered accountants. The predecessor auditor expressed a clean opinion in the auditor's report dated April 12, 2011.

#### 1. SIGNIFICANT ACCOUNTING POLICIES

The consolidated financial statements of the County of St. Paul No. 19 are the representations of management prepared in accordance with generally accepted accounting principles for local governments established by the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants. Significant aspects of the accounting polices adopted by the municipality are as follows:

#### Reporting entity

The consolidated financial statements reflect the assets, liabilities, revenues and expenditures, changes in fund balances and change in financial position of the reporting entity. This entity is comprised of the municipal operations plus all of the organizations that are owned or controlled by the municipality and are, therefore, accountable to the municipal Council for the administration of their financial affairs and resources.

The schedule of taxes levied also includes requisitions for education, health, social and other external organizations that are not part of the municipal reporting entity.

The statements exclude trust assets that are administered for the benefit of external parties. Interdepartmental and organizational transactions and balances are eliminated.

#### Basis of accounting

The financial statements are prepared using the accrual basis of accounting. The accrual basis of accounting records revenue as it is earned and measurable. Expenses are recognized as they are incurred and measurable based upon receipt of goods or services and/or the legal obligation to pay.

Funds from external parties and earnings thereon restricted by agreement or legislation are accounted for as deferred revenue until used for the purpose specified.

Government transfers, contributions and other amounts are received from third parties pursuant to legislation, regulation or agreement and may only be used for certain programs, in the completion of specific work, or for the purchase of tangible capital assets. In addition, certain user charges and fees are collected for which the related services have yet to be performed.

Revenue is recognized in the period when the related expenses are incurred, services performed or the tangible capital assets are acquired.

#### Use of estimates

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenditure during the period. Where measurement uncertainty exists, the financial statements have been prepared within reasonable limits of materiality. Actual results could differ from those estimates.

#### Investments

Investments are recorded at amortized cost. When there has been a loss in value that is other than a temporary decline, the respective investment is written down to recognize the loss.

# COUNTY OF ST. PAUL NO. 19 Notes to Financial Statements Year Ended December 31, 2011

#### 1. SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Debt charges recoverable

Debt charges recoverable consist of amounts that are recoverable from municipal agencies or other local governments with respect to outstanding debentures or other long-term debt pursuant to annexation orders or joint capital undertakings. These recoveries are recorded at a value that equals the offsetting portion of the un-matured long-term debt, less actuarial requirements for the retirement of any sinking fund debentures.

#### Requisition over-levy and under-levy

Over-levies and under-levies arise from the difference between the actual property tax levy made to cover each requisition and the actual amount requisitioned.

If the actual levy exceeds the requisition, the over-levy is accrued as a liability and property tax revenue is reduced. Where the actual levy is less than the requisition amount, the under-levy is accrued as a receivable and as property tax revenue.

Requisition tax rates in the subsequent year are adjusted for any over-levies or under-levies of the prior year.

#### Inventories for resale

Land held for resale is recorded at the lower of cost or net realizable value. Cost includes costs for land acquisition and improvements required to prepare the land for servicing such as clearing, stripping and levelling charges. Related development costs incurred to provide infrastructure such as water and wastewater services, roads, sidewalks and street lighting are recorded as physical assets under the respective function.

#### Inventory

Inventory of materials and supplies for consumption are valued at the lower of cost or net realizable value with the cost being determined by the average cost method. Gravel inventory is valued at royalty cost.

#### Government transfers

Government transfers are the transfer of assets from senior levels of government that are not the result of an exchange transaction, are not expected to be repaid in the future, or the result of a direct financial return.

Government transfers are recognized in the financial statements as revenue in the period in which events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met, and reasonable estimates of the amounts can be determined.

(continues)

#### 1. SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Non-financial assets

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the normal course of operations. The change in non-financial assets during the year, together with the excess of revenues over expenses, provides the consolidated Change in Net Financial Assets for the year.

#### a) Tangible Capital Assets

Tangible capital assets are recorded at cost which includes all amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets is amortized on a straight-line basis over the estimated useful life as follows:

	YEARS
Land improvements	15-25
Buildings	10-50
Engineered structures	
Roads	20-40
Bridges	24-129
Water system	30-75
Wastewater system	45-75
Machinery and equipment	2-15
Vehicles	10-25

One-half of the annual amortization is charged in the year of acquisition and in the year of disposal. Assets under construction are not amortized until the asset is available for productive use.

#### b) Contributions of Tangible Capital Assets

Tangible capital assets received as contributions are recorded at fair value at the date of receipt and also are recorded as revenue.

#### c) Leases

Leases are classified as capital or operating leases. Leases which transfer substantially all of the benefits and risks incidental to ownership of property are accounted for as capital leases. All other leases are accounted for as operating leases and the related lease payments are charged to expenses as incurred.

#### **Budget figures**

Budget figures are included for information purposes only and are not audited.

#### 9. DEBT LIMITS

Section 276(2) of the Municipal Government Act requires that debt and debt limits as defined by Alberta Regulation 255/00 for the County of St. Paul No. 19 be disclosed as follows:

	 2011	2010
Total debt limit Total debt (including loan guarantees)	\$ 28,736,334 (294,635)	\$ 27,763,721 (292,550)
Amount of debt limit unused	\$ 28,441,699	\$ 27,471,171
Debt servicing limit Debt servicing	\$ 4,879,389 (15,580)	\$ 4,627,287 (15,580)
Amount of debt servicing limit unused	\$ 4,863,809	\$ 4,611,707

The debt limit is calculated at 1.5 times revenue of the municipality (as defined in Alberta Regulation 255/00) and the debt service limit is calculated at 0.25 times such revenue. Incurring debt beyond these limitations requires approval by the Minister of Municipal Affairs. These thresholds are guidelines used by Alberta Municipal Affairs to identify municipalities that could be at financial risk if further debt is acquired. The calculation taken alone does not represent the financial stability of the municipality. Rather, the financial statements must be interpreted as a whole.

#### 10. SALARY AND BENEFITS DISCLOSURE

- 1. Salary includes regular base pay, bonuses, overtime, lump sum payments, gross honoraria and any other direct cash remuneration.
- 2. Employer's share of all employee benefits and contributions or payments made on behalf of employees including pension, health care, dental coverage, vision coverage, group life insurance, accidental disability and dismemberment insurance, long and short-term disability plans, professional memberships and tuition.
- 3. If an automobile is provided, no amount is included in the benefits and allowances figure.
- 4. Benefits and allowances figures also include the employer's share of the costs of additional taxable benefits including special leave with pay, financial and retirement planning services, concessionary loans, travel allowances, car allowances and club memberships.

#### 11. LOCAL AUTHORITIES PENSION PLAN

Employees of the municipality participate in the Local Authorities Pension Plan (LAPP), which is one of the plans covered by the Alberta Public Sector Pension Plans Act. The LAPP serves about 133,000 people and 389 employers. The LAPP is financed by employer and employee contributions and by investment earnings of the LAPP Fund.

Contributions for current service are recorded as expenditures in the year in which they become due.

The municipality is required to make current service contributions to the LAPP of 9.49% of pensionable earnings up to the year's maximum pensionable earnings under the Canada Pension Plan and 13.13% on pensionable earnings above this amount. Employees of the municipality are required to make current service contributions of 8.49% of pensionable salary up to the year's maximum pensionable salary and 12.13% on pensionable salary above this amount.

Total current service contributions by the municipality to the LAPP in 2011 were \$485,000 (2010 - \$450,137). Total current service contributions by the employees of the municipality to the Local Authorities Pension Plan in 2011 were \$439,213 (2010 - \$405,132).

At December 31, 2010, the LAPP disclosed an actuarial deficiency of \$4.635 billion.

#### 12. COMMITMENTS AND SUBSEQUENT EVENTS

Subsequent to year end, the County purchased and disposed of equipment at a net cost of \$1,196,260.

The County has committed to a water transmission project for Ashmont and Lottie Lake. Total tendered costs of the project are \$1,584,200.

The County is committed to leases for office equipment. The future minimum payments under these operating leases is as follows:

	2012 2013 2014	\$ 12,360 12,360 14,460
1		\$ 39,180

#### 13. CONTINGENCIES

The County is a member of a reciprocal insurance exchange (GENESIS) to cover its liability insurance needs. GENESIS was previously referred to as Jubilee Reciprocal Insurance Exchange (JRIE). A Statement of Claim was filed in 2004 by some of the previous subscribers of JRIE. The statement of claim requests the return of surplus funds in the amount of \$3,820,516. Under the terms of the membership, the County of St. Paul No. 19 could become liable for its proportionate share of any claim losses in excess of the funds held by the exchange. Any liability incurred would be accounted for as a current transaction in the year the losses are determined.

The County has guaranteed their pro-rata share of a 5.80% Servus Credit Union loan for the M.D. of St. Paul Foundation. The County's share is calculated based on their equalized assessment. As at December 31, 2011 the loan balance was \$57,004, therefore the County's guarantee would be limited to \$37,763. The loan is in good standing.

The County has guaranteed one half of a prime plus 2.0% Servus Credit Union line of credit for the Elk Point Regional Allied Arts Society. As at December 31, 2011, the line of credit balance was \$218,926, therefore the County's guarantee would be limited to \$109,463.

#### 14. FINANCIAL INSTRUMENTS

The municipality's financial instruments consist of cash and cash equivalents, accounts receivable, investments, debt charges recoverable, bank indebtedness, accounts payable and accrued liabilities, deposit liabilities, requisition over-levy, and long-term debt. It is management's opinion that the municipality is not exposed to significant interest or currency risks arising from these financial instruments.

The municipality is subject to credit risk with respect to taxes and grants in place of taxes receivables and trade and other receivables. Credit risk arises from the possibility that taxpayers and entities to which the municipality provides services may experience financial difficulty and be unable to fulfil their obligations. The large number and diversity of taxpayers and customers minimizes the credit risk.

Unless otherwise noted, the carrying value of the financial instrument approximates fair value.

#### 15. APPROVAL OF FINANCIAL STATEMENTS

Council and Management have approved these financial statements.

#### 16. COMPARATIVE FIGURES

Some of the comparative figures have been reclassified to conform to the current year's presentation.

The prior year financial statements were audited by another firm of chartered accountants.
